

Dear Boston College Student,

University Health Services (UHS) would like to welcome you to Boston College (BC). All mandatory health forms can be found on our UHS website or on your agora Health Services portal. Massachusetts immunization requirements apply to all international students, full-time and part-time health science students, full-time undergraduate students under 30 years of age and graduate students under 30 years of age. All students are required to submit the TB Questionnaire located on your Health Services portal. Immunizations must be entered into the Health Services portal (instructions below).

Submission Dates:

- Fall Enrollment: July 1
- Spring Enrollment: January 1

All required forms must be uploaded and entered into the Health Services portal within 30 days after classes start. If you do not comply, you will be *unable to register* for the following semester's classes, and a \$95 non-refundable late fee will be applied to your student account.

The BC *Documentation of Immunization* form details which vaccines are required by the State of Massachusetts and those that UHS highly recommends. Your documentation should include all required vaccines listed OR positive titers.

- Immunizations
  - Required for international students, full-time and part-time health science students, full-time undergraduate students under 30 years of age and graduate students under 30 years of age
  - Students must electronically enter dates on their Health Service portal
  - Students must upload a copy of your vaccination record or upload the completed *Documentation of Immunizations* form (found on our website)
- TB Questionnaire
  - Required for all students
  - Electronically filled out on their Health Services portal
  - If you answered yes to any of the questions, please complete the *TB Testing* form (found on our website) or reach out to ted.ETQq0.0tTJETQq0.00000912 6151 0 0 1 3Q.4 7eETQ5eET0.00000912 6122wBT/F4.9
